Process Controls and Instrumentation

LOCAL ABB SALES &
SERVICE: 1-877-NY-ABB11
(1-877-692-2211)

M-System

Control Panels and
Integration

Flow Measurement: Magmeters, Coriolis Mass, Vortex & Swirl, Variable Area, Wedge & Differential Pressure

Pressure & Temperature: SMART, Multivariable, Safety Critical, Direct & Remote Taylor Seals

Recorders & Controllers: Videographic, Circular Chart, Single Loop Controllers, Indicators

Actuators & Positioners: Continuous Electric and Pneumatic Actuators, Positioners, and I/P Converters

Analytical Instruments: pH/ORP, DO, Conductivity, Organics, Combustion Gas, Oxygen, Turbidity, Calorimetric, Hydrogen Purity, Selectable Ion, Hydrazine, Sodium

Online and Laboratory Process Analyzers: FTIR, FTNIR, Continuous Gas Analyzers (CGA), (CEM), Gas Chromatographs, Photometers, and Other Custom Analyzers

Bar Graph Indicators, Displays and Alarms

Continuous & Point Level Controls, RF Admittance, Radar, Ultrasonic, Float, Hydrostatic, Vibration & Magnetostrictive, Open Channel Flow Meters

Fixed Gas Systems for LEL and Toxic Gases, Infrared, Electro Chemical, Control Panels, Portable Gas Instruments, Dräger Tubes, SCBA's

Flow and Level Instruments, Portable and Permanent Doppler/Transit Time Meters, Area Velocity Meters, Dataloggers

Pre-engineered SCADA Systems, Radio and Phone, Pump Control Panels

KM26 magnetic level gauges, **AccuTrak™**, SIL 2 certified magnetostrictive level transmitter, Laser, guided wave radar and Ultrasonic level transmitters, vibrating fork and point level switches, Seal Pots.

Thermal Dispersion Flow, Level Interface and Temperature Switches

Signal Conditioners Isolators, Lightning Surge Protectors, Power Transducers

Thermocouples-T/C Wire, RTDs, Temperature Transmitters

Turbine, Vortex, Thermal and Magnetic Flow Meters, BTU Metering Systems

Digital Panel Meter, Loop Powered Meters, Process and Temperature Meters, Scanners and Annunciators

Primary Flow Elements, Volumetric Flow Measurement Systems, Mass Measurement Systems, Balancing Valve, Orifice Plates, Venturi Flow Tubes

Thermal Dispersion Mass Flowmeters and Switches

Flow Sensors & Instrumentation, Accelabar Zero Upstream Flow Meter

Gauges: Pressure, Vacuum, Digital and Analog Indicators, Mini and Industrial Diaphragm Seals, Thermometers

Complete Control Packages, Transmitters, I/P Transducers, Water and Waste Water Instrumentation, Startup & Calibration Services, PM Service
